Subject: P2 Team Meeting Minutes, 03- 6-6

At 9:30 on June 6, 2003, the Pollution Prevention Team met in Building 6, Room 147.

Attendees: B. Hodgson, W. Kocher, A. Mayor, W. Muscolo, C. Myers, D. Papcke, Yod.

The team reviewed progress on 2003 goals.

Chemical Management PDA Pilot Product

- The study of Building 14 has begun. Buildings 35 and 49 to follow. There will need to be documentation to track chemicals and environmental assessments.

Life Cycle Analysis

- W. Kocher gave a presentation to FTED on June 4, 2003 pertaining to the mechanics of EPP and Life Cycle Analysis.

Performance Testing of Bio-diesel fuel

- No news.

Replacement of MEK and Others

- Product substitute testing has continued. The team has found that some trial products come with inadequate health information.

Hangar Iridite Replacement

- The team is still searching for a product that will work on large areas.

Garnet Recycling System Installation

- Yod has arrived and begun working on the project. The design is complete. Parts need to be ordered. Question arose as to whether there are other water knives on site that could be of interest. Betty Hodgson to investigate (Nothing in Building 14, small system in Building 49).

Study on Propane to Methane Conversion on Forklifts

- No news.

Tyvek Recycling

- No news.

Real Time Monitoring System Installation and Testing at Plum Brook

- Scope of Work to be rewritten. The NSF is being reviewed. An answer is expected in August or September.

AP / EPP Application Categories for Product Testing

- Advance Environmental Policy due on June 13. W. Kocher to send it to Advance Environmental Measurements and Control part of Life Support Systems.

The next meeting will be held on June 20, 2003.
